

BRIDGEWATER-RAYNHAM
EDUCATIONAL FOUNDATION CORPORATION

3RD ANNUAL
Gala

Sponsorship Opportunities

Key Support!

Like the many elements needed to create harmony in music, the Bridgewater-Raynham Educational Foundation Corporation (BREFC) seeks the partnerships required to pursue and execute its mission. Our organization's premiere fundraiser, the Third Annual BREFC Gala will be held on March 9, 2024. Please consider sponsoring this event which will be hosted at Bridgewater State University. This year's event will feature dueling pianos from the Flying Ivories along with silent auction items, food and beverage, and more.

Thank you in advance for taking a moment to consider serving as a prominent sponsor. We know you are asked more times than you can say "yes", to support worthy organizations. Our hope is that the mission of the BREFC aligns with your philanthropic values and inspires your investment. Simply put, our organization seeks to promote, sponsor, and enhance the quality and inclusiveness of the educational experience for public school students.

The money raised by BREFC allows administrators and teachers to apply for grants to help bring to life the creative and impactful projects that would otherwise never be possible. These opportunities translate into innovation, collaboration, problem solving and skill development for our students. Last year we awarded three amazing teachers with grants to execute their projects listed below. We look forward to receiving even more creative and thoughtful ideas this spring!

- Sensory tools for students who need extra care throughout their education.
- Materials to create a therapeutic room for students with emotional and social needs.
- Transportation and tickets to a live performance of material being studied in the ELA curriculum.

Any further questions or inquiries please contact us at brrayefc@gmail.com or you can make a direct donation at our [donation page](#). On behalf of the BREFC Board of Directors, thank you!
